

Parish Mission Statement for Cathedral of St. Peter Parish

The Pastoral Council is in the process of discerning a Mission Statement for our parish. This should reflect what the parish is at this time in its history and be framed in a way that presents a call to action. To help us in this effort, I ask that you take time to reflect seriously on who we are as the St. Peter parish community and where we need to be heading to be faithful and fully alive today. Two years from now, we could look different—I hope we will.

Please join in this effort by answering the questions below. Submit your answers by Sept. 23rd. You may also answer through Survey Monkey: <https://www.surveymonkey.com/r/WWJPWR2>

1. What, for you, is the most important Catholic belief?
2. What should our parish's top priority be for the coming year?
3. What should our parishioners expect from one another?
4. What should our parish expect from each parishioner?
5. What should our parish be able to offer the larger community?
